

Latest State Of The Art For Hydrodemolition

ACCESSORIES

HYDRODEMOLITION

Under Bridge Beam Accessory for the Parapet Beam

Bridge Parapet
remains in place.

NO LIMIT !

80184

00302

The Under Bridge attachment for the Parapet-Beam is very easy to attach on the AQUA CUTTER. By mounting the lance roller to the under bridge attachment the Aqua Cutter can work from the deck to under the bridge, even without dismantling of the parapet.

No need for special tools or any change in the construction.

All functions are powered from already existing functions, controlled from the control panel on the AQUA CUTTER.
